

# Transforming public safety communications

The First Responder Network Authority (FirstNet) has entered into a public-private partnership with AT&T to build the first nationwide wireless broadband network dedicated to first responders for use in disasters, emergencies and daily public safety work.

FirstNet provides initial funding, 20 MHz of spectrum and deep public safety expertise to the partnership. AT&T brings a proven track record and strong commitment to public safety, as well as the commercial expertise and nationwide resources to deploy, maintain and operate the network.

This 25-year partnership offers the best overall value to America and its public safety responders – both from an investment perspective and in terms of the lifesaving technology it will put in the hands of law enforcement, fire and emergency medical personnel in communities across the nation.

## FirstNet will serve...

**FIRST RESPONDERS**

fire, police, EMS

IN

**COMMUNITIES**

counties, cities, tribal, rural

ACROSS

**THE NATION**

50 states, 5 territories & DC

## Technology first responders need to save lives, protect communities
